

RUSHES CONSIDERATION OF REVENUE MEASURE

House Has Completed Its Work on
Bill, With Exception of Three
Sections.

GOES TO SENATE WEDNESDAY

Finance Committee Has Machinery
Bill Almost Ready for Report to
House—Maximum Freight-Car
Bill Goes Over.

[Special to The Times-Dispatch.]
RALEIGH, N. C., February 13.—With the exceptions of three sections, left open for final adoption in committee of the whole on Monday, the House rounded up its consideration of the revenue bill to-day, and as soon as these three sections are adopted the bill will be given its second roll call reading, and then the final reading will follow on Tuesday. The bill will be duly engrossed on that afternoon, and will be ready for the Senate to take up on Wednesday.

The Finance Committee has the machinery bill almost ready for introduction, and it will come into the House early in the coming week.

Consideration of the bill for the fixing of a maximum limit of fifty cars for freight trains in this State was "indefinitely postponed" at the request of its advocates, in preference to having it tabled.

The Senate passed the Chatham bill for creating a State board of examiners for licensing architects, in spite of the strenuous opposition raised yesterday by Senator Mize, who believes that such a law will create a corporation of trust in this profession. Bills were passed to increase the allowance for stenographers for each of the Supreme Court Justices from \$400 to \$500, and to give mothers equal shares with fathers in the estates of deceased children.

Senator Chatham introduced a bill, which, he says, had the definite support of the Baptist State convention and the Western Carolina Methodist Conference, to require that where persons are licensed to marry who have been divorced there must be a sworn record as to the date and place and grounds for the divorce.

Illsitt Still Raided.

LYNCHBURG, VA., February 13.—Internal revenue men on Friday raided the illisitt stills in Pittsylvania County, arresting L. G. Uppdyke and James Smith, both white men, charged with operating them. The two outfits were complete and in full operation, and both men have been bailed for appearance at the April term of the Federal court in Danville. The Federal men have also uncovered a flourishing blind tiger at Rockfish, where a white woman has been selling to laborers on the Southern Railway.

When called to breakfast he did not respond, and the messenger who was sent for him found his body caught in the bands and slowly revolving. His legs had been ground off up to the knees and he had evidently been dead for some time. He was a son of Mr. and Mrs. Andrew Rosson, of Madison County, by whom he is survived.
